

Specialist Management Solutions

Support for specialty care

Are you or a family member faced with an outpatient surgery or a specialty care procedure?

Specialist Management Solutions (SMS) is here to help provide ongoing support every step of the way. And it's available as part of your health plan benefits administered by UnitedHealthcare, at no additional cost.

For outpatient surgery or specialty care, such as women's health; gastrointestinal; ear, nose and throat; and orthopedics, an SMS Care Advocate can help:

Locate lower-cost care options

Schedule consults with a provider

Recommend other benefit programs

Offer support at every step

We're here for you

Call myHealth Connect at **1-877-214-2930** and ask about SMS.

Take note

To access coverage for select hip, knee and spine orthopedic surgeries, you must connect with an SMS Advocate or nurse who can help you find a designated provider and facility.
